# KLYRP to Boost – Rebrand

## Boost Training

‘This was a great experience for our students studying Graphic Design at the College of West Anglia. It is an invaluable experience for our students to have opportunities of working in a ‘real-world’ environment, as well as honing their skills as emerging designers.

The logotype ‘boost’ that has come from their hard work is the culmination of a thorough design and creative process and it is a fitting and appropriate brand identity for this important local initiative aiming to support young people in Kings’ Lynn.’

*Clyde Dunn (Course Director L3 Extended Diploma in Graphic Design):*
